

Overview

LEMAR LED driver is designed to provide stable and efficient power to LED lighting systems. It features a wide input voltage range, constant current output, and high efficiency. Built-in protection against short circuit, overvoltage, and overheating ensures safe and reliable operation. Compatible with various dimming options, it is suitable for indoor or outdoor lighting applications depending on the IP rating.

Electrical Specifications

Model No.	LED Driver
Power	200W
Frequency	50/60 Hz
Voltage	185V—265 V
Output Voltage	24V
Output Current	8.33A

Mechanical Specifications

Dimensions (L*W*H)	236*60*25 mm
Ingress Protection Code (IP)	IP67
Dimmable	No

Performance Warranty

Warranty	3 Years
